Education

RK University

BTech, Computer Engineering. SGPA 9.18 (Semester IV)

Rajkot, GJ

Pursuing

Gangotri School

High School Education with PCM. Overall Percentile: 92

Gondal, GJ

March 2022

Matru Mandir School

Secondary School Education. Percentile: 98.02

Gondal, GJ

March 2020

Projects

FlightGO

Flight Booking System

- Utilized technologies such as, e.g., Bootstrap, HTML/CSS, JavaScript, jQuery, PHP, MySQL to create a robust system.
- Designed and implemented core functionalities including flight search, booking, and payment integration.
- Implemented a mailing system for functionalities such as password recovery, booking confirmations, and notifications.
- Created and integrated an admin panel for managing bookings, user accounts, and system settings.
- Integrated Razor pay payment gateways ensuring data protection and transaction security.
- Collaborated with a team of 3 students, ensuring effective communication and task management.

Skills & Interests

Languages/Database: Java, Python, SQL

Web Technologies: HTML, CSS, JavaScript, PHP, jQuery

Software / Tools: Git, GitHub, VS Code, Visual Studio, Figma

Application Development: Flutter, Microsoft .NET with C#

Core Subjects: Data Structures and Algorithms, Operating System, OOP, Principles of Software Engineering

Non-Technical: Critical Thinking, Decision-making, Time management, Problem Solving

Interests: Exploring Large Language Models (LLMs) and their applications, Understanding and addressing security vulnerabilities of web applications

Leadership & Activities

Microsoft Learn Student Ambassador

- Selected from thousands of global applicants.
- Organized and led online/in-person workshops on Microsoft technologies and development tools.
- Networked with tech professionals, fostering connections and knowledge exchange.
- Facilitated hands-on training to boost participants' technical skills.

Smart India Hackathon – Main Coordinator

- Coordinated internal rounds of the Smart India Hackathon, overseeing event planning and execution.
